Plush Home Staging would like to invite you to our new design studio and retail space. Design services, accessories and accent furniture for your home and vacation rentals.

HOME STAGING

What is staging?

Staging is preparing a home for sale so the buyer can mentally move in.

Reasons why you should stage:

1. Staged homes spent half the time on the market and sold for more than 6% more than asking price.
2. Your house will sell faster.
3. The average staging investment is between 1 and 3 percent of the asking price.
4. Your online photos will stand out. 90% of potential buyers search online first.
